Beschreibung

DAF CF 75.250 tipper, 2005, 4x2 with HMF 1060 truck loading crane. 273,974 km, Euro 3. Veere, Netherlands. Tipper body and loading crane on one chassis. This truck loads itself, carries the material and tips it where you want it, a complete operation without a second machine on site. For builders, groundworkers, landscapers and anyone moving sand, stone, soil or building materials, that combination pays for itself quickly. HMF is a Danish crane manufacturer with a strong reputation for build quality and long service life. Drivetrain — 250 hp (188 kW), Euro 3. Body — Tipper on a 4x2 chassis, with HMF 1060 truck loading crane. Condition — Odometer 273,974 km, which for a twenty-year-old tipper is remarkably low. Site trucks work hard but rarely far, and this one shows it.
