Condition	Used
Reference	5517

Properties

Single weight	5.220kg
Load capacity	22.780kg
GVW	28.000kg
Length	920cm
Width	248cm

Technical specifications

Number of axes	3
----------------	---

Description

Chassis lengte 645cm Breedte 248 Hoogte 115cm 40mm oog Burg BPA 10-18 container chassis, 2000. Dutch-built container transport chassis. Vlissingen, Netherlands. A container chassis does one job and does it cheaply: it carries boxes. No body to maintain, no curtains to replace, nothing to rot. For port work, depot shuttles and inland container haulage that simplicity is the whole appeal. Burg is a Dutch builder with a long reputation in this class, and these chassis are known for lasting far beyond the age on the plate. Type – Container chassis, Burg BPA 10-18. Year – 2000. Buying from Poppe Trucks We have been trading used commercial vehicles from Vlissingen for over two decades and we sell across Europe, Africa and the Middle East. Export documents, customs declarations and insurance are arranged here at our own premises, so you leave with the paperwork in order. Our yard sits within easy reach of the ports of Vlissingen, Antwerp and Rotterdam, which keeps shipping short and simple. We can collect you from the station and help arrange accommodation. We speak English, German, French and Spanish.
