Description

Mercedes-Benz Sprinter 412D with box body, 1998. 303,188 km, Euro 2. Veere, Netherlands. The first-generation Sprinter with the 412D badge: the heavy-duty version of the range, built on a stronger chassis with twin rear wheels and rated to carry properly. These are sought after precisely because they predate the electronics of later vans. Anything on this truck can be fixed at the roadside with hand tools, which is why they remain in demand in markets where workshop support is thin. Drivetrain — 122 hp (90 kW), Euro 2. Body — Closed box. Condition — Odometer 303,188 km.
